# 5-STAR EQUESTRIAN TRANSPORTATION

In the last 25 years we have been expanding and enhancing our product catalogue continuously. With trucks now driving all around the globe, we can say that the **Stephex Horsetrucks** have become a familiar sight in the equestrian world.

Our team has developed an extensive range of trucks suited for every type of rider. We offer spacious and elegant design solutions with a multitude of features and details. With comfort, quality and safety as our main goals, we guarantee that you and your equine partner will feel safe and at home during your journey on the road.

# STX MODELS

With its flowing lines, striking contours and attractive design, the iconic STX Horsetruck attributes elegance. Built on a **Mercedes** or **Scania** chassis, it offers multiple options for transporting up to nine horses in the best possible conditions. Its spacious, high-tech interior makes life on board and behind the wheel a pleasure. The STX is a statement in a class of its own.

## MODERN BEACH HOUSE

This style is where the natural beauty of the ocean and beach are brought inside. The minimalist furniture complements the natural colours, creating a sophisticated look. By using warm wood tones, cool blues and touches of sandy beige, you immediately get a home-like feeling.

# SCANDINAVIAN ELEGANCE

The world of 'Scandinavian Elegance' comes vividly to mind through the use of neutral materials and colours. They evoke a sense of calmness and serenity. Muted shades of grey and crisp whites are carefully chosen to create depth and character.

## INDUSTRIAL LIGHT

The rustic wood gives way to a fusion of minimalism and vintage industrial elements. The concrete colour palette makes the space perfectly balanced and inviting.

# METROPOLITAN NIGHT

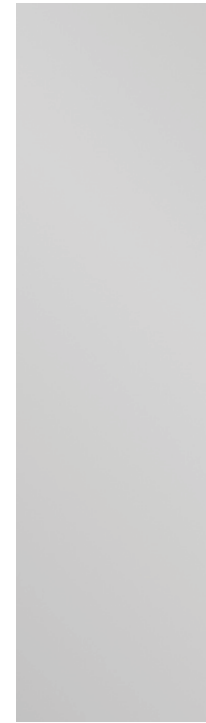

'Metropolitan Night' is perfectly suited for those who adore the charm that nightlife brings. Monochrome colours blended with patterns reflect the city's cosmopolitan vibe and fast-paced lifestyle.

## CONTEMPORARY CLASSIC

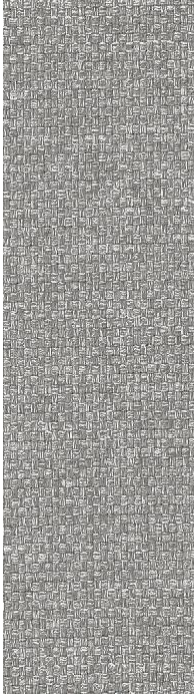

Where traditional design elements are given a modern update. This style combines warm wood tones and textures creating a space that brings a modern twist on traditional design.

# DARKWOOD TREND

'Darkwood Trend' combines the warmth of dark wood with cooler tones and luxurious marble. The wood adds contrast to the space, while the cooler tones bring a sense of refinement.

## THE INTERIOR

The fully equipped living room, kitchen, and bathroom provide your team with additional living space necessary for longer trips. The horse compartment has horse view cameras, blue lights, rubber flooring, and wall padding for your horses' ultimate safety.

# THE EXTERIOR

Innovating in many ways. The push-up of the STX Heavy Trailer creates more space for the living area. We have paid specific attention to the elevation of the tailgate, this makes it easier to load and unload horses and provides a gentler slope for the horses to walk up and down.

# OUR SMALL STX TRAILERS

Our trailers are modern, spacious and elegant, finished with high-quality materials. They are the perfect solution for your transportation needs.

STX

Carrier Trailer

STX

Groom Suite

STX

Stud trailer

# STX Carrier Trailer
