2025 STX TACKBOXES **A NEW STANDARD IN TACK STORAGE**

At STEPHEX, we understand that organization and efficiency are key in the equestrian world. Designed for everyday training and competition life, the new generation of STX Tackboxes brings innovation, smart design, and clever storage solutions to elevate your experience.

Every detail has been carefully engineered to maximize functionality and convenience, providing a perfectly optimized storage space that ensures effortless access to all your equipment when you need it most.

From newly designed compartments to intelligent organization features, these tackboxes have been developed in collaboration with experienced grooms, who know exactly what is needed to perform at the highest level—both at home and on the showground.

INNOVATION
MEETS
ORGANIZATION

NEW AND STRATEGIC INNOVATIONS

✓ INNOVATIVE INTERIOR LAYOUT

Ingenious new storage spaces, four spacious drawers, two saddle holders, multiple bridle hooks, and a dedicated whip holder.

✓ SMART & DURABLE DESIGN

A perfect combination of sturdy steel and lightweight aluminum for maximum resistance and longevity.

✓ EFFORTLESS MOBILITY

A reinforced handle and smooth-rolling wheels, making transport seamless, no matter where your journey takes you.

2025 STX TACKBOXES

3 TAILORED MODELS

Available in three tailored models—Small, Big, and Dream—each STX Tackbox is designed to meet different storage needs while maintaining the same high standards of practicality, innovation, and durability. Whether you need a compact and mobile solution, a spacious and versatile option, or maximum storage capacity, every model is crafted with intelligent organization and premium materials to optimize your daily routine.
